

End Slot Ejection Problems with Groovy G'rilla™

Here's the city cousin of
our famous Green
G'rilla™ ejection
material.

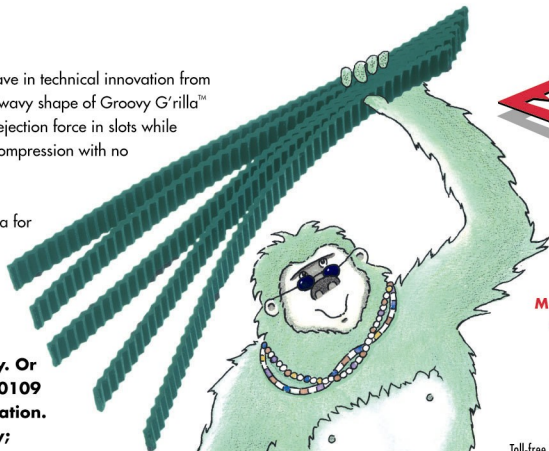

Catch the newest wave in technical innovation from MRP! The grooved, wavy shape of Groovy G'rilla™ generates required ejection force in slots while allowing room for compression with no rule deflection!

Order Groovy G'rilla for slot widths of 1/8", 1/4", 5/16", or 3/8".

Call your MRP distributor today. Or dial 1-800-521-0109 for more information. And don't worry; we'll leave the sunglasses at home!

Groovy G'rilla™ installed in 1/4" slot (shown twice actual size).
